Meeting Agenda

1. Introductions of all committee members.
2. Completion and signing of the PSSC declaration.
3. Interactive quiz activity: *"Whose Job Is It Anyway?"*
4. Discussion about potentially organizing an ADHD- or nutrition-related presentation for parents, if feasible.
5. General discussion regarding parking-related concerns.

We participated in a short quiz activity called *"Whose Job Is It Anyway?"* The exercise focused on understanding the distinct responsibilities and decision-making roles of the PSSC, the Principal, and the Superintendent. Participants were asked to identify which group was responsible for various tasks and actions. Following the activity, the Principal reviewed the answers and provided further clarification on the roles and responsibilities of all three groups.

We also established several expectations to help guide future meetings. The committee identified the following key commitments to be maintained throughout the year during upcoming PSSC meetings:

- Being punctual
- Active engagement and participation
- Staying focused on agenda items and topic-specific discussions
- Showing respect toward one another
- Keeping cell phones on silent mode
- Acknowledging and responding to emails as needed
- Offering constructive feedback and suggestions
- Bring any feedback regarding these commitments to the next meeting.

As community engagement is an important part of PBIS, gathering and sharing feedback from the school community will continue to be encouraged.

Upcoming Meetings (all at 7:00 p.m.):
